3M™ Metalised Conspicuity Markings Series 943

Keeping vehicles visible

Blind corners. Fog. Fading daylight. On the road, driver safety starts with visibility. 3M™ Conspicuity Markings Series 943 make it easier for drivers to see trucks and trailers and react faster. What you can see, you can avoid.

Protect your drivers with conspicuity markings for their trucks and trailers. Ease of installation, plus a five-year warranty means quality performance your whole fleet can depend on. Rest easier knowing your vehicles are armed with enhanced visibility for nighttime and bad weather conditions.

We've thought it through to protect you.

From advanced adhesives to retroreflective prismatic lenses, **3M™ Conspicuity Markings Series 943** are a result of more than 75 years of scientific collaboration. Working together, we've been able to illuminate driving dangers to make our roadways safer for everyone.

Easy installation.

With markings designed to bend, curve and stick, proper installation is a simple process. The flexible markings lay flat (no edge lifting or buckling) and bond quickly with curved or flat surfaces.

Optimal thickness.

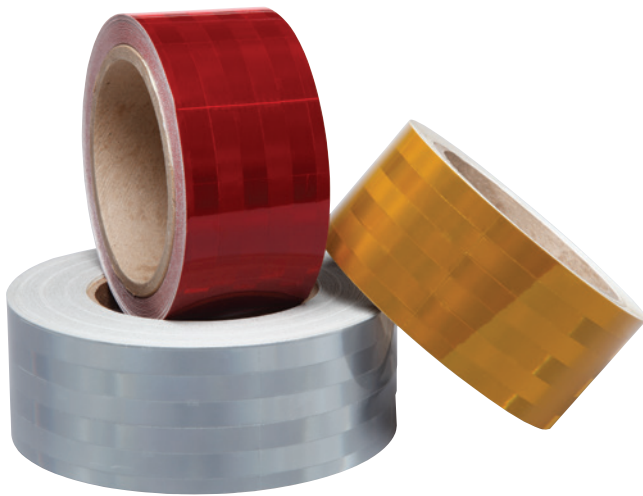

Truck size and marking patterns vary around the world. 3M markings are easy to trim and die cut to suit a variety of applications.

Weathers the elements.

No matter what the weather, they bond to the truck or trailer surface with an impermeable edge, so water, dirt and road debris stays out, no matter where you drive.

For the long haul.

Constructed for enhanced durability, 3M™ Metalised Conspicuity Markings Series 943 retain their colour, appearance and brightness and are backed by 3M's 5 year warranty.

Meets or exceeds regulations.

At 3M, we're up to date on the latest regulations, helping ensure our customers can quickly pass through inspection checkpoints.

3M™ Conspicuity Markings Series 943 reinforces your fleet with safety you can see:

- High brightness
- Wide angularity
- High performance adhesive
- Easy to remove liner
- Meets or exceeds current ECE104 Regulation requirements
- 5 year warranty
- Local technical support
